LNT LOWDOWN:

LEAVE NO TRACE ETHICS

"In wilderness is the preservation of the world" -H.D. Thoreau

LNT Seven Principles

1. Plan ahead and prepare
2. Travel and camp on durable surfaces
3. Dispose of waste properly
4. Leave what you find
5. Minimize campfire impacts
6. Respect wildlife
7. Be considerate of other visitors

Visit: <http://www.lnt.org/>

LOCAL LOWDOWN

- Respect regulations, including closures.
- Check websites, guidebooks, and talk to locals.
- If you're a local, be informed and care about what happens to your area.

CLIMB STEALTH

- Off-trail travel accounts for the greatest environmental impacts by climbers—stay on established trails.
- Protect plants from packs, pads, gear sprawl, and feet; stay on durable surfaces.
- Before you leave, look around, pick-up and pack-out tape, spilt chalk, wrappers, even if they're not yours.

SPEAK UP SPEAK OUT

- When the actions of others threaten access or the environment, let them know.
- Don't just be a person who climbs, be a climber.

Climbers, the Environment and Access are all connected. Know how you fit in.

RULES OF THE GAME:

- Teams may host or attend more than one Adopt-a-Crag event.
- Scorecards must be signed by Adopt-a-Crag event host.
- Scorecards must be faxed -or- post-marked no later than December 1, 2008.
- Teams hosting an Adopt-a-Crag event must submit a scorecard and a post event evaluation to earn points.
- Teams hosting a new Adopt-a-Crag must be the primary organization listed on the Adopt-a-Crag registration. Secondary organizations for Adopt-a-Crag registration are not considered the host of that Adopt-a-Crag event.
- Participating teams must be located in the United States.

SCORING:

POINTS AWARDED WILL BE DETERMINED BY THREE VARIABLES:

- Total volunteer hours.
 - Teams that host a new Adopt-a-Crag amass points based on volunteer hours of all attendees, including non-team members.
 - Teams that attend existing Adopt-a-Crag events amass points based on volunteer hours of team members and coaching staff only.
- Average of volunteer hours (total hours/team size).
- A qualitative component based on type of work performed. (For example, did you bring together the climbing community? Did your work have a wide reaching impact?).
